IBM   NALAIYA THIRAN

TITLE   : PERSONAL EXPENSE TRACKER APPLICATION

TECHNOLOGY   : CLOUD APPLICATION DEVELOPMENT

DOMAIN NAME   : BANKING AND FINANCE

LEADER NAME   : SATHISH KUMAR M

TEAM MEMBER NAME : SANJITH S

                         SUDHARSAN N

                         SENTHILKUMAR G

MENTOR NAME   : GEETHA S

Problem Statement :

At present, there is no technology to perform tracking and monitoring of day-to-day financial expenses and to do the above actions in a manual manner takes more time and storage conflicts which can't be error free and possible. Due to the conflicts in tracking expenses, there is a constant overload to rely on the entry of expenditure and total estimation daily, till the end of the month.

Empathy map:

PERSONAL EXPENSE TRACKER APPLICATION

SAYS
Is it securable
Is this app user friendly
How much percent I spent everyday
Need suggestions for savings
